

WORK DAY

We have an opportunity for you to earn volunteer hours towards your next year's membership if you qualify and get a close-up look at the timber ground of the club. There will be a purple post-painting day on November 10, 2018 at 9:00AM.

The tops of the fenceposts around the perimeter of the club property need to be painted purple to designate NO TRESPASSING. We will also remove unwanted vegetation in the fence line and flag trees on the property edge.

Lunch will be provided for helpers. Please sign up on the form at the club or call Joyce Taylor (563-508-1986).
